END PLASTIC SOUP

Annual Report Rotary year 2023/2024 Board EndPlasticSoup

Report of the Board 2023-2024

- EndPlasticSoup is a global initiative for Rotary, supported by thousands of Rotarians and hundreds of Rotary, Rotaract & Interact Clubs worldwide.
- Our goal is to contribute to solve and prevent the plastic pollution problem throughout the full cycle. We are community leaders, think globally, act locally.
- Next to the reduction of plastic and good waste management systems, we pay attention to the prevention of (micro)plastics in the air, the soil and the waters, as toxic additives have a big impact on Climate Change, Biodiversity and Health.

Report of the Board - continued -

- EndPlasticSoup continues to support club awareness projects, education, and sustainable Global Grant projects. We collaborate with Rotary & Rotaract Clubs, Districts, Rotary Action Groups, Fellowships, Youth Exchange, Rotary Intercountry Committees (ICCs) and Alliances worldwide, in support of our common goal.
- We are happy to see that not only traditional Rotary & Rotaract Clubs are supporting our goals, also e-Clubs, EcoClubs, and Passport Clubs support EndPlasticSoup.
- See the [Financial Report 2023-2024](#) at our website. We thank Wytzia de Savornin Lohman for her support as chair and founding board member till July 2024, and we welcome Jan Jelle van Hasselt and Ilya Shcharbitski as new board members per 1 July 2024.

Rotary, Rotaract and Interact can make a difference

**TOGETHER, WE SEE A WORLD
WHERE PEOPLE UNITE AND TAKE ACTION
TO CREATE LASTING
CHANGE ACROSS THE GLOBE,
IN OUR COMMUNITIES, AND IN OURSELVES.**

- Our Ambition: By 2050 no more plastic soup in the oceans and seas, no more plastic waste in our lakes, rivers, forests, parks & streets.
- Rotary, Rotaract and Interact Clubs worldwide work together to contribute solving and preventing the plastic pollution problem, across the full cycle.
